--67. A method as claimed in claim 31, wherein the interactive image comprises plural interactive screens so formed as to be individually displayable. --

--68. A method as claimed in claim 33, wherein the interactive image comprises plural interactive screens so formed as to be individually displayable. --

REMARKS

The above amendments are made to remove multiple dependencies from the claims and bring them into conformance with U.S. practice. As such, they do not constitute new matter.

Respectfully submitted,
